Q.E.D. MISSION STATEMENT

“To provide the highest quality competitively priced engineering and industrial services to all customers by: constant innovation, effective processes, quality control, and a never ending quest for improvement. Every effort will be expended to meet or exceed safety requirements, health regulations, and environmental protection practices at all times. Effective management practices, sound business policies, and ethical standards will draw the best ideas of performance from all employees.”

A handwritten signature in cursive script, reading "Mark T. Jones".
